

Patron

Prof. N. J. Rao, Vice Chancellor, JUET

Vice Patron

Dr. S. Arunachalam, Dean (A&R)

Convener

Prof. Shishir Kumar HOD (CSE)

National Advisory Committee

Dr. R. K. Datta	Fomer Adviser DST India
Prof. R. C. Chakarborty	Former Director, DTRL, DRDO
Prof. Yogesh Singh	VC (University of Baroda)
Prof. Karmeshu	Dean (JNU, New Delhi)
Prof. Durgesh Pant	Director, UOU, Dehradun
Prof. Dharminder Kumar	Dean, GJU Hisar
Prof. D.K. Joshi	SGB Amravati University
Prof. Kusumdeep	IIT, Roorkee
Prof. M.C. Govil	MNIT, Jaipur
Prof. Sanjay Sharma	MANIT, Bhopal
Prof. C.S. Rai	GGSSIP University
Prof. R.K. Singh	GGSSIP University
Prof. Sunita Agrawal	MNNIT, Allahabad
Prof. P.K. Singh	IIIT, Gwalior
Prof. S.P. Tripathi	IET, Lucknow
Prof. Nikhil Kothari	DSD University, Nadiad
Dr. Deepak Tomar	MANIT Bhopal
Dr. K. S. Vaisla	KEC, Dwarahat
Dr. Sanjay Gupta	BIET, Jhansi

Local Organizing Committee

Prof. Shishir Kumar	Chairman
All Faculty Members of CSE	Member
Mr. V. C. Pandey	Member
Dr. Mahesh Kumar	Organization Secretary
Mr. Ravindra Kumar Singh	Organization Secretary
Mr. Nilesh Kr. R Patel	Organization Secretary
Mr. Amit Kumar Srivastava	Organization Secretary

Eligibility of participants

This workshop is planned for

- Young Faculty members of Engineering Colleges/Universities. Few seats may also be made available to good students of M. Tech. in CS/IT/ECE/EE.
- Executives from Industry, Corporate, Government Organizations.

All applicants are expected to have basic knowledge of Network Communication and Security.

Important Dates

Early Bird Registration : Upto 02nd December 2015
Late Registration : Upto 05th December 2015
Workshop Dates : December 07-09, 2015

Registration Fee

Registration*	Students	Others
Early Bird Registration (Upto 02nd Dec. 2015)	Rs. 1000/-	Rs.1200/-

NATIONAL WORKSHOP On Advancements In Network Communication And Security (ANCS-2015)

December 07-09, 2015

Organized by:

Department of Computer Science & Engineering

Supported by : CSI & MPCST

Maximum 30 participants will be allowed to register for the workshop on first come first serve basis.

For participation in the workshop the registration is compulsory. The Registered participants will be provided with free boarding and lodging from 06th December afternoon to 10th December forenoon. Travel Expenses of participants may be reimbursed depending upon grant received from sponsoring agencies.

Jaypee University of Engineering and Technology, was established in the year 2003 in the name of Jaypee Institute of Engineering & Technology based on the MOU signed between Jaiprakash Sewa Sansthan and the Government of Madhya Pradesh with an aim of becoming a Center of Excellence in Engineering and Technology. The Government of MP has vide gazette extra ordinary no. 3 of 2010 has established Jaypee University of Engineering and Technology (JUET), Raghogarh, Guna as a private university in the State of MP. This university is approved by UGC under section 2(f) of UGC Act, 1956.

This is one of the three institutions of higher learning in the field of Degree level Engineering education established under the Jaiprakash Sewa Sansthan (JSS), which recognizes the role of IT and emerging technologies in improving the quality of life of the people of India. JUET's location at Raghogarh, in Guna district is a well thought out process. It is being developed as a major center to provide competent, well trained technical manpower to the region. Its campus on the national highway linking Agra to Mumbai is being developed on a 120 acres piece of land as modern institution of higher learning in the fields of engineering, technology and sciences.

It aims to produce professionals who can be leaders in innovation, entrepreneurship, creativity and management. Presently, this University offers B. Tech., M.Tech. and Doctoral Programmes in Chemical Engineering, Civil Engineering, Computer Science Engineering, Electronics & Communication Engineering, Mechanical Engineering and Applied Sciences.

Communication networks are often used to transfer vital and confidential information for a variety of purposes, and if we do not update our networks to cope up with the latest challenges, the networks may remain vulnerable, as a consequence may attract the attention of mischievous users to disrupt or destroy the information flow. This has led to heightened awareness of the need to become aware of the current developments in network technologies to protect data and resources from disclosure. Some attacks on networks are planned and specifically targeted, whereas others may be opportunistic, resulting from eavesdropping activities. Further, the threats to network are continually increasing with discovery of new issues, and solutions to counter those issues are needed. With this workshop attempts will be made to provide an insight into the enduring principles of network communication, routing, security and their implementations.

Topics to be covered

The advancements in the areas like -

- Network Protocols
- Communication Challenges & Security
- Web Security Implementations
- Protection of Information Tracking
- Internetworking Device Threats
- Ubiquitous Networks Challenges
- Performance Analysis and Optimization
- Internet Protocol Security
- Latest Routing Issues

will be covered in this workshop.
